

# Professional Learning

*Empower Teachers.  
Transform Student Learning.*

## The **Right** Professional Learning at the **Right** Time.

CenterPoint offers an educator-driven lineup of professional learning services. We work as your thought partners and find the solution that is right for you.

**Some of our Professional Learning focus areas include:**

### Assessment Literacy

- Understanding the purpose of assessment types
- Understanding assessment data
- Using assessments to adjust instructional practice

### Curriculum

- Certified training in Illustrative Math and Zearn Math
- Curriculum development and alignment
- Curriculum implementation and lesson planning

### Systemic Reform

- Implementation of systemic models
- Culturally responsive programming
- Implementing tiered support systems

“

*Participants working with CenterPoint staff during professional service learning have taken away actionable strategies for improving instruction for students.*

*The CenterPoint staff bring a deep knowledge of the standards, strategies for instruction, and assessment design and development.*

*Julie, Literacy Coordinator*

”

**Our Professional Learning can be delivered in an ongoing basis in a variety of ways:**
